

## Principal & Assistant Principal – FVSD At-Home Learning Program – Sean Price & Anna McAskile

We are pleased to announce the appointment of Sean Price as Principal and Anna McAskile as Assistant Principal of the FVSD At-Home Learning Program. Sean joined the Fort Vermilion School Division in 2002 teaching at St. Mary's Elementary School, Hill Crest Community School and High Level Public School prior to starting the At-Home Learning Program. Anna McAskile retired in June with 29 years of service in FVSD and is returning part-time as Assistant Principal and Inclusive Education Coordinator at the At-Home Learning Program.

*"I am excited to have been offered the opportunity to assist in building the At-Home Learning Program. I look forward to the challenge and working with the leadership team here in our school division."*

- Sean Price

*"'I'm Back' and I am excited to embark on this new adventure with the At-Home Learning Program with Sean Price! I guess you are never too old to take on new challenges. It is going to be a great year."*

- Anna McAskile

With a large number of FVSD families choosing At-Home Learning it was necessary to create a team of teachers to meet their needs. We are pleased to introduce the staff working with the At-Home Learning Program. Their commitment to teaching and learning in this new format is appreciated.
