PERMISSION FORM TO TAKE CHROMEBOOK HOME

September 4th, 2018

Dear Parent/Guardian:

Starting this school year, students are able to take a Chromebook home for educational purposes. Parents must give permission for their child to take a Chromebook home.

We would like you to be aware of the following:

- The Chromebook is part of the FVSD domain
- The only access to the Chromebook will be through a FVSD username assigned to the student
- The Chromebook is monitored by an Internet filter (GoGuardian) at all times no matter if the student is at home or at school. This filter provides limited access to the Internet
- The Chromebook will be updated with extensions and apps that are the same as all the other Chromebooks (for example, Read Write Google)
- Students may still work on their assignments offline (for home without Internet or WiFi). When the student returns to the school their work is automatically updated
- At any time, I as a parent may request to High Level Public School that the Chromebook is not to come home.
- If the Chromebook is lost or not returned, the cost to replace is \$300.00
- If the Chromebook is damaged the student is responsible to pay the cost to repair the damage
- If the charging cord is lost or damaged, not returned at the end of the year, the cost to replace is \$60.00

Child's Name (Please Print)

Grade: _____

Please check one of the following:

I give permission for the Chromebook to come home

The Chromebook is to remain at school
